 Great link!
 rubber duck armada - i love that idea...

willohsweland commented on: **flow**
 It reminds me off the story about the armada of rubber ducks released from a container ship and tracked by an oceanographer (http://www.timesonline.co.uk/tol/news/uk/article1996553) The fragility of diaspora. The incredible luck and tenacity... (more)

 A pleasantly pretty and pleasingly poetic intervention. Your interpretation and reinvention of a typically hard, no-nonsense place was inspired. Lots of little red boats + lots of lovely, soothing sound = very nice.

NeutronGirl says:
 @ModeratorSparke Actually strike that, avatar done ;) Sorry bout that.

NeutronGirl commented on: **flaneur**
 oh i loved this, in fact i just came back to view it a 2nd time. The variety of surfaces, the shadows, the marks left by the chalk, the fleeting glimpses. It is all part of our city. I feel like i have my head UP most of the time, haha, so to look... (more)

ModeratorSparke says:
 @neutron girl - also, can you upload an avatar?

ModeratorSparke says:
 @neutron girl - we're doing it now! thanks

ModeratorSparke says:
 its raining gently here in melbourne - sorely needed and much appreciated

Zero says:
 Looking forward to some more physical actions in the city, bodies in the street creating new space!
